M E M O R A N D U M

To: **Washington State Agencies, Labor Relations Office, and Unions**  
From: **Richard Shea, Human Resource Consultant** *R. S. Bill*  
Date: **June 19, 2006**  
Subject: **Classification System Maintenance**

---

The Classification Plan will undergo some maintenance. Below is a list of General Government classes with no incumbents in them--in class code order. If your agency is not going to fill these positions before the next biennium, I will put them on the Director's Meeting Agenda (23-Day Notice) to be considered for abolishment. Following this list, is a "send listing" arranged by agency number. This list includes vacant classes by position number within each agency and, in addition, includes classes in **boldface** type that have been abolished. To date, I have not been able to remove these classes from the system because they still contain either vacant or filled positions.

Please review both lists. Some classes appear on the first list and do not appear on the second because they have no positions in the system (including vacant positions).

Let me know if you would like to strike any classes from the proposed abolishment list. In addition, if your agency has vacant or filled positions in classes already abolished, please reallocate and/or abolish each position listed and let me know as soon as possible. These positions are holding up the abolishment process.

I will be glad to assist in any way. Call Rick Shea at 664-6251 or use my E-mail address at: [rickS@dop.wa.gov](mailto:rickS@dop.wa.gov)

## **CLASSES PROPOSED FOR ABOLISHMENT**

01000 CLERICAL BATTERY INTERMITTENT
